# Behavioral HealthChoices

- In PA, Behavioral Health Services are ‘carved out’ from Physical Health Services.
- Three primary goals:
  - Improve access to health care services for MA recipients
  - Improve the quality of care available to MA recipients
  - Stabilize Pennsylvania's MA spending
- Pennsylvania’s Office of Mental Health and Substance Abuse Services (OMHSAS) has oversight of the BH-HC.
- As of June 2019, over 2.6 million people were enrolled in HC-BH.
- FY 2019-2020 funding is projected to be \$4 billion.

## What's New

- All CHC participants will be covered by BH managed care through the existing behavioral health managed care organizations (BH-MCOs).
- This is a change for Aging Waiver participants and nursing facility residents.
